### **TREATMENT PLAN**

If the total cost of a course of treatment is expected to exceed \$500, a treatment plan should be submitted to the insurer who will determine, before commencement of the treatment, the amount of eligible expenses.

“Treatment plan” means a written description of the course of treatment which, in the opinion of the dentist, will be required, including x-rays in support of such opinion, and specification of the probable date and cost of the treatment.

## DETAILS OF BENEFITS

### **PAYMENT OF BENEFITS**

#### **Fees**

Eligible expenses will be reimbursed according to the appropriate Fee Guide of the year specified in the Summary of Benefits, subject to any limits stated in the benefit.

Expenses incurred for services provided by a dentist are limited to the normal suggested fee for dentists in the insured person's province of residence.

All other expenses incurred are limited to the normal rate suggested for general practitioners in the insured person's province of residence.

#### **Proof**

Before paying benefits, the insurer may require, at no expense to the insurer, a complete diagram showing the insured person's state of dentition prior to the beginning of the treatment for which a claim is submitted. The insurer may also, if it deems necessary, require laboratory or hospital reports, x-rays, casts, molds or models used for examination purposes, or any other similar evidence.

#### **Alternative Treatment Plan**

If more than one type of treatment exists for the dental condition of the insured person, the insurer will limit reimbursement to the least expensive treatment that will produce a professionally adequate result with respect to the insured person's condition.

#### **Maximum Benefit Per Insured Person**

The maximum amount that will be reimbursed by the insurer is specified in the Summary of Benefits.

In the case of any person becoming insured more than 31 days following his eligibility date, the reimbursement for dental expenses during the first 12 months of coverage will be limited to \$100.

## **LEGAL STUFF**

### **Third-Party Liability and Subrogation**

The participant must notify the Insurer of any notice served to, or legal action taken against a third party, or any judgment, claim or settlement related to an event which may result in entitlement to benefits under the insurance plan.

If the participant is entitled to receive financial compensation from a third party with respect to which benefits are payable under the group policy, the participant will be required to reimburse the insurer for any benefits overpaid.

The Insurer is subrogated to all rights of the insured against a third party liable for damage that results in an entitlement to payment of benefits under the terms of the group policy, up to the limitation of the amounts paid by the Insurer. Should the Insurer decide to exercise its right of subrogation, the insured may be required to sign a letter of subrogation drafted by the Insurer.

### **Limitation of Actions**

Every action or proceeding against the insurer for the recovery of insurance money payable under the group policy is absolutely barred, unless commenced within the time set out to this end, if any, in the applicable provincial Insurance Act.

### **Conformity to Legislation**

If this document does not conform to the provincial Insurance Act that governs it, it will automatically be deemed to be amended to comply with the applicable provincial Insurance Act.
